**Shala Kerrigan : Mandala Coloring Collection: 50 of the best mandalas from Don't Eat the Paste** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mandala Coloring Collection: 50 of the best mandalas from Don't Eat the Paste:

3 of 3 people found the following review helpful. Coloring isn't just for kids. By NightShayde I love it! I am very fond of Ms Kerrigan's website, donteatthepaste - and knew I wanted to do my small part financially. She creates lovely mandalas that are fun to color. 1 of 1 people found the following review helpful. Exactly what I would expect from a "hippy chick" from AK. A fun coloring book. By Shipton Sands Scalia's mandalas are some of the more fun things I've colored. My only problem is that they aren't removable. I like to scan them then print them on 50 lb drawing paper from my Strathmore sketch book. 1 of 1 people found the following review helpful. Five Stars By Krystle Baller These are beautiful.

Don't Eat the Paste is a popular place for mandalas because of the wide range of styles drawn by artist Shala Kerrigan. Pictorial, geometric, knotwork, inspired by history, super intricate and nice big spaces- there is something for nearly every skill level and interest. For the first time ever, 50 mandalas from the popular blog are available in a book. Each mandala is printed on its own page, with the facing page having a quote, a note from the author or a joke to go with the mandala. That way there are no blank pages in the book, but it's also not just placeholder text. It's something added

to think about and enjoy. So it's a collection of quotes as well as being a collection of mandalas to color. The mandalas include bats, hearts, dolphins, geometric designs, bunnies, flowers and more.
