1 of 1 people found the following review helpful. Perfect Graduation gift for future medical students By Customer great graduation gift for a student going to medical school! expected more in the box but overall was a nice gift 2 of 2 people found the following review helpful. Great gift By Linda Jo I like this gift a lot. I didn't open it, but I was surprised at how big it was. I thought it was the size of an Altoid box, but it is more the size of a couple decks of cards. I'm sure the recipient will enjoy the humor. Thanks! 9 of 9 people found the following review helpful. Hilarious! By westinflorida Best present EVER! My friends and I have read through this and laughed till we cried! I may have to buy a few more for future gifts!

About the Author Timothy Millington is a surgical resident at a hospital in Boston. Despite his credentials, he hopes no one will treat what he says in this book as medical advice and also wishes to stress that he would never actually try that thermometer trick on one of his patients. Mary Millington is a science journalist. She has no relation to the porn

star of the same name.
