Get started creating mandala pebble art with this kit.By Kathryn CostaMaria is a very talented artist who shares her style for creating mandala pebble art in this kit. The kit includes a 63 page small book with a step-by-step demo of creating a mandala inspired by Mehndi design. The book includes gorgeous photography of Maria's pebble art that will give you ideas and tips for creating mandalas with white, gold, and colored variations. I've admired Maria's pebble art for years and her kits gives you a few things to get started making them using her favorite tools (4 metal calligraphy/drawing nibs with a wooden holder) and a couple of pebbles. The two pebbles in my kit were smooth and flat, perfect surfaces for drawing. It would have been helpful to have had some white and black inks included in this kit so you could get started right out of the box. This was a decision of the publisher and I hope they consider in future kits making them more complete. There are many tools and supplies one can use to create mandala art and this kit will get you started making your own.

Create beautiful art and find peace of mind with Meditative Mandala Stones.Used for centuries across different cultures and religions, a "mandala" is often used as an aid to meditation. The earliest forms of this art date back to the Stone Age where it is said they were used to represent nature's cycle and were, of course, found on stone!Meditative Mandala Stones kit will teach you to draw both ancient symbols and modern mandalas to alleviate feelings of stress and foster your creativity You will learn to create spiritual mandalas, nature inspired mandalas, animal mandalas, and so much more! This kit includes:- 2 large river stones- 4 metal calligraphy/drawing tips- wooden holder for the metal drawing tips
