Howard Foster : Miranda's War: A Novel of the UpZone before purchasing it in order to gage whether or not it would be worth my time, and all praised Miranda's War: A Novel of the UpZone:

0 of 0 people found the following review helpful. Uncommon HeroineBy OnTheRoadAgainA satisfying, enjoyable read about a knowledgeable heroine on the right. As intrusive, politically correct, and guilt-driven laws are enacted throughout our country, Miranda-like citizens may become more common.1 of 1 people found the following review

helpful. Loved Miranda's WarBy CustomerVery interesting book. It's a novel about the politics of a zoning board. Held my interest. Worth reading!0 of 0 people found the following review helpful. Five StarsBy Thomas CosentinoGreat read

In Lincoln, Massachusetts—a Boston exurb of exquisite taste and understatement—one simply doesn't acknowledge the raw capitalism and the rank privilege that sustain the hot-house liberal sensitivities blooming there. Until Miranda, a woman of devastating wit and looks, enters town politics. Her goal is to force the right-thinking people of Lincoln to confront their hypocrisies, and ultimately, the cherished refinements that prevent them from beating back the barbarians gathering at their perfectly weather-worn, split-rail fences. As Miranda takes her cause from town hall to the governor's office, the reader, gliding in her slipstream, experiences a tour of life in the elegant houses at the end of the unmarked gravel driveways, and gets a glimpse into the minds of the people who live in them, fearful of being noticed by anyone but their own kind. Miranda crusades with all in the righteous certainty of a colonial New England religious dissenter, but contending with the gods of our times. Will she prevail?

About the AuthorHoward Foster has been a lawyer since 1988. His practice has focused on civil RICO cases against companies that hire illegal immigrants, including one that went up to the U.S. Supreme Court in 2006. Miranda's War is his first novel.
