ElliottI and my sons have read many of Richard Lederer's books (one of my sons even went to the prep school where he formerly taught, but alas, he was already gone) and this book is as delightful as the others. My 8 1/2 year old youngest son loves it and I like hearing his favorites, like "What doe you get when you cross an octopus and a dragon?"I'll let you look it up.0 of 0 people found the following review helpful. From the Abominable Snowman to zombies, *Monsters Unchained!* is the funniest monster book you'll find. This collection contains more than 1,000 puns, riddles, narratives, poems, arranged in an alphabetical parade of more than 20 classical monsters, each accompanied by creepy and kooky illustrations. This riotous collection is not only a page-turning blast, but it also respects the intelligence of young readers.
