(I gave it to them for Christmas, and we all enjoyed it).0 of 0 people found the following review helpful. Five StarsBy Laird J SandersThis book was loaded with humor whether you happen to be Jewish or not.

The unbreakable Jewish spirit and absolute necessity to keep its people in existence has resulted in the development of a world-renowned sense of humor, and some often eccentric habits that have become a staple of everyday Jewish life. In this irresistible collection of highly original cartoons, Neil Kerber puts a whole new slant on things Jewish—from

the evolution of man to the ultimate Jewish heaven, via eating, trying to get offspring married, and the indomitable Jewish mother. Sketches, wisecracks, sayings, and situations are all sent up with great affection. From Yentl floss and Bergman of Alcatraz to a Rabbi steak and Orwell's Kosher Animal Farm, this is a hilarious, inventive, and surreal look at Jewish life.

About the Author Neil Kerber creates cartoons for a number of national publications including Private Eye, the Independent, the Jewish Chronicle, and the Spectator. His previous books include The Great Baby Cartoon Book.
