Linda Marsh : The Wordsworth Book of Limericks before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Wordsworth Book of Limericks:

2 of 2 people found the following review helpful. R or X Rated By Earle Williams This is another fine collection of limericks that most will enjoy reading. It is not for children nor for those who prefer not to read "adult" material. 1 of 1 people found the following review helpful. Hilarity, catches you by surprise By Scott Absolutely hilarious book that

catches me by surprise each time I pick it up. I first read it while on a bar stool at a country pub in Victoria, Australia. I couldn't put it down. Somewhere one of my friends has a picture of the shock on my face as I realized this book was not as prim and proper as it seemed. So I ordered a copy for those who were with me and everyone can enjoy the randomness and dirtiness!

While no collection of limericks can claim to be complete', The Wordsworth Book of Limericks contains an astonishing collection of over 1,800 verses - all of them comical, and a great number so far from cleanliness as to verge on the obscene. This is not a book for the prurient, but it will give enormous pleasure to all who relish the unique art-form of the limerick. Whether this book is kept by the bed or by the loo, perhaps buyers should ask themselves the question that Mervyn Griffith-Jones QC put to the Lady Chatterly jury in 1960: 'Is this a book you would even wish your wife or your servants to read?'
