Shannon Payette Seip, Adrienne Hedger : The World According to Toddlers before purchasing it in order to gage whether or not it would be worth my time, and all praised The World According to Toddlers:

A helpful dose of humor that covers those crazy, sometimes exhausting, but always entertaining toddler years. Exotic fashions. Avant-garde hairstyles. An "all about me" attitude. No, it's not an A-list celebrity. It's your toddler. From temper-tantrum meltdowns to inexplicable wardrobe choices, *The World According to Toddlers* gives comic insight into the exhilarating, entertaining, and often exhausting ways of toddlers. This humorous and colorfully illustrated book is loaded with stories, cartoons, diagrams, and more to help parents maintain their sense of humor throughout the emotional outbursts, potty training troubles, and regular showdowns that are part and parcel of toddlerdom.
