Merle McClung : Three Farces: The Tim Fanny Show, White Collar Time, Doctor Sperm (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Farces: The Tim Fanny Show, White Collar Time, Doctor Sperm (Volume 1):

Although carried to extremes in the 1980's, "Three Farces" pokes fun at topics Americans continue to obsess over: sex, money, power and Jesus. Being an unholy blend of all four, the "Tim Fanny Show" leads the way. "White Collar Time" is mostly about greed and dollars, but with sex and power as subplots. "Doctor Sperm" is focused on sex and man's inability to control his second brain, but also features dollar and power subplots. Merle McClung has created a website/blog to help counter such dysfunction, since the excess of the 1980's repeats itself today. He invites all "Goodheads" (those who seek the common good) to join the discussion at MakeOurDemocracyWork.com.

About the Author Merle McClung is a former Harvard basketball star, Rhodes Scholar, and "Goodhead" lawyer. He lives in a big box in Centennial, Colorado surrounded by more than 50,000 books collected since graduating from Harvard Law School in 1972. Likely epitaph: "He always had room for another book."
