So glad I flipped through it...there is a bondage scene in one of the New York apartments. (It is the apartments on the far right...is that political satire? Lol!)Ended up scanning the page, editing colors of another person's outfit and printing on semi-gloss photo paper to crazy glue over the bondage. I can just imagine the parent-teacher conference if my son happens to take the book to school...0 of 0 people found the following review helpful. So fun!By MeganMy boyfriend and I are total Top Gear nerds. I bought this for a Valentines Day gift for him, and he loved it! It is essentially Where's Waldo, but Where's Stig. It's pretty challenging, and while I doubt he'll really even get past the first couple of pages, he thinks it's hilarious. Within the first five minutes, he found Hammond's teeth whitener and

couldn't stop laughing. You also have the opportunity to find The Stig's vegetarian cousin as well as Hammond and James and many more Top Gear essentials. This was definitely a hit.0 of 0 people found the following review helpful.
